

Step1

Student has to procure a copy of student prospectus cum application form. It can be obtained either from nearest ABBSOFT Study Center or can be downloaded from the website: www.abbsoftcomputers.com.

Step2

Student has to submit the filled in application clearly mentioning the courses he/she desires to enroll for. Under no circumstance your application will be transferred to another program for registration. Separate application is to be submitted for each program.

While submitting the application the student must carry the original Date of Birth Certificate, to be verified by the center coordinator.

The photocopies must be self attested and submitted with the relevant total courses fees for the 1st semester or 1st year as the case may be in the form of Demand Draft paid in the favor of _____ payable at _____.

Before submitting the prescribed fees students must make sure that they fulfill all the eligibility conditions for admission to the program applied for. Applications by ineligible candidates will be rejected. The fee once remitted will NOT be refunded.

Step3

The center coordinator would verify the application form, original documents and DD.

Step4

On satisfactory verification of the above the student must fill the identity card. The signature of the center coordinator must be present on the identity card at the appropriate place. Registration place. Registration no. will be issued along with the identity card.

Step5

ABBSOFT COMPUTERS on receiving the above would coordinate with the University and get it verified and approved from the University.

Step6

University on finding all documents and DD satisfactory would sign the identity Card and return the same to ABBSOFT.

Step7

ABBSOFT would maintain the record of the student and return the Identity Card to the centre. This would complete the admission process. If any malpractice is found

on the document submitted at the time of admission or at a later stage, admission will be cancelled.

Personal Contact program

Personal contact program is one of the most highlighting factors in course delivery. It is highly recommended for each and every student because:

It encourages peer interaction amongst the students.

It provides opportunity to clarify doubts related to the curriculum directly from the faculty.

Students are requested to study lesson materials before attending the classes so that they can interact and clear their doubts.

Student who are unable the PCP classes at one center may attend the classes at another centre with prior permission of the centre coordinator.

Seminar & Workshop

The University has a strong belief that conventional education may not be enough to make a great career in today competitive and globally focused corporate. Keeping this in mind we have come up with industry oriented seminar and workshop.

It is aimed at improving the communication and personality of the candidates thereby making him or her more industry ready.

Career counseling session will be conducted to guide the student in understanding various industries and the right way to start a career in any one of them.

It will be conducted by industry experts and academicians.
